Fernan Vargas
Institute of Defense Technology
7158 S. Christiana
Chicago, Illinois 60629

Mr. Fernan Vargas:

Pentagon Force Protection Agency would like to thank you for training the Instructor Cadre in the SABER Method. The training methodology was realistic and conducive for any edged weapon scenario our officers may face.

Your SABER Method blended easily in to our current Control Tactics Program. The training used practical, effective techniques and methodologies, so in a short time the SABER Method can be effectively used in any edged weapon scenario.

We highly recommend the SABER Method to any Law Enforcement Officer to increase their proficiency in edged weapon defense.

A handwritten signature in blue ink that reads "Dennis W. Smith".

Dennis W. Smith
Director of Training
